

HELLO AUTUMN *inspiration*

Thankful Layout

ASSEMBLY INSTRUCTIONS

1. Pierce some stitching holes for a border around the edge of the 8" x 8" white cardstock. The border of pierced holes should be approximately 1/4" in from the cardstock edge. Hand stitch the border using green embroidery thread.
2. Mat the photo with the gingham paper and adhere to the top left of the 8" x 8" inch cardstock piece approximately 3/8" of an inch in from the stitched border.
3. Add some messy stitching with a sewing machine to the top left and bottom right edge of the photo.
4. At the top left of the photo layer the "Memories" ephemera piece and the "so very grateful" chipboard piece together. Add enamel dots to the right corners of the "Memories" piece then layer a fussy cut leaf onto the circular chipboard piece with a foam dot.
5. Pierce some border stitching holes around the inside edge of the "Thankful & Grateful & Blessed" ephemera piece then hand stitch with white embroidery thread. Punch a hole at the top, add some twine then adhere to the right of the photo with foam adhesive. Staple the length of twine to the top of the cardstock edge and add a fussy cut leaf with a foam dot.
6. Print journaling using your computer then cut into strips. Adhere the journaling strips, centered across the bottom of the 8" x 8" cardstock piece. Stitch along each strip with your sewing machine.
7. Adhere the 8" x 8" cardstock to the center of the 12" x 12" white cardstock sheet. Now use the rest of your fussy cut leaves to tuck under the entire outside edge of the 8" x 8" cardstock, slightly layering the leaves and ensuring you use a nice variety of leaf shapes and colors.
8. Finish the page by adhering the acorns around the leaf border with foam dots.
